## RESTORING HOPE IN THE LIVES OF HURTING WOMEN

### Julie Worzella “Destiny Point”

Destiny Point provides a safe and healthy environment designed to address the physical, spiritual, and emotional needs of the students while also teaching women to make healthier life-style choices with over 40 classes available. The program is free of charge to women desiring to change their lives! All students participate fully in the program, as well as specific programming for each individual based on her needs and behaviors. Average stay at Destiny Point is 10-13 months to graduate, but they must make a commitment for a minimum of a year. It is worth it to take the time needed to heal. And then after they graduate, they can live rest of their life living healthier and free of the bondage that they came with.

As students progress in healing and overcome unhealthy thought patterns and addictive behaviors (usually around 10 months) students have the opportunity to participate in: independent living skills classes, financial planning, goal setting, applying for Colleges and tech schools, and applying for jobs.

We believe that identifying and resolving the deep underlying causes of unhealthy behavioral choices will result in life-changing transformation. Our main goal is their healing and deliverance through Jesus Christ, without that, any other plans set, will self-Sabotage due to falling back in destructive behaviors. In the belief that each person is created for a special purpose, Destiny Point strives to provide Biblically based programs that help each woman, child and unborn child fulfill their God-given destiny. We continually seek to provide the environment needed for total life changing transformation.

The ministry began in 2009 and has progressed from a home in Rudolph, to Amherst, and now with a move to a new home in Blenker that is being remodeled for the purpose of this ministry. Though the program capacity is 12 they will be starting with 6 to ensure the new facility is optimized for the program before proceeding to full capacity.

The cost of incarceration is between \$30,000 – 75,000 per year. At Destiny Point the cost is \$2,500 per year. It is not hard to see the difference this ministry is making both financially and in the lives of their students.
